CAROLINA, IS THE TEAM**

### ELECTRIC CITY SPARKLETS

Items of Interest and Personal Mention Caught Over the  
Wireless on the Streets of Anderson

**Install Apparatus**  
In 'Phone Building.  
The installation gang of the Southern Bell Telephone Company is expected to arrive in Anderson on July 5 to begin the work of installing the apparatus and fixtures in the new building recently completed for that company. C. W. Frickhauser of the Evans Brothers Construction Company, the people building the new structure, has practically completed his part of the building and is ready to turn it over to the owners. It is one of the handsomest business buildings in the city.

**Kress Inspector**  
Here On A Visit.  
L. T. Wilson of New York, one of Kress' building inspectors, arrived in the city Saturday night and will be here for a few days watching the progress on the new Kress building. Mr. Wilson has been to Anderson several times before in connection with the Kress interests and he has made a number of friends here from whom he is receiving a warm welcome. He says that he is well pleased with the progress being made and that he expects the Anderson building to be a beauty.

**Miss Prince Was**  
Chosen Secretary.  
Anderson people will be interested in learning that Miss Irene Prince, of Anderson, was chosen at the State meeting of the Epworth League, as secretary for this district. Unfortunately, Miss Prince was unable to serve and it will be necessary to select some one else for this important duty, which is a matter of regret to Miss Prince's many friends in the city and county. The State meeting of the League came to a close Sunday night, after having been in session for three days at the late of Palms, Charleston. It was said to be one of the best State meetings ever held and many splendid plans for the next year's work have been outlined.

**Glee Club Has**  
Completed Tour.  
Frank Cox and Manley Hutchinson, members of the Furman Glee Club, arrived in Anderson Sunday night to spend the summer vacation with their parents. Following the close of the college year at Furman University the Glee Club of that institution went on a tour of the State. Performances were given in all the principal eastern towns in the State and the members of the glee club were given ovations in every town visited. The Anderson boys say that they enjoyed the trip.

**League Team Is**  
Now Barnstorming.  
The Anderson baseball team will leave this morning for a week's barnstorming trip. The team will go to Elberton, Ga., today where they will play three games against a club representing that city and from there they will go to Lavonia, Ga., where they will play Friday and Saturday. The opening game this afternoon will be pitched by "Chico" Watson for Anderson and the second game will be presided over by Robertson in all probability. The Anderson team is confident of grabbing five straight victories and putting the Georgia teams to shame.

**Quiet Wedding**  
Of Last Sunday.  
A quiet wedding took place last Sunday at the home of the bride when Miss Reynolds and J. C. Jordan were united in the holy bonds of matrimony. Only a few intimate friends of the contracting parties were in attendance. The ceremony was performed in a very impressive manner by the Reverend Mr. Martin, following which the bridal party enjoyed a wedding feast. Both the bride and groom have many friends in all sections of the county who will wish them well.

**Back From The**  
Columbia Banquet.  
Messrs. Mattison, Felket, Harris and Burriss have returned from Columbia where they have been attending the State meeting and the banquet of the South Carolina Underwriters Association. The meeting is said to have been one of the most successful ever held and the insurance men showed Columbia a thing or two in the way of magnificent banquets. The attendance from all parts of the State was probably larger than it had ever been at a similar event.

**Mr. Ashley Is**  
Reported Better.  
Sheriff Joe Ashley spent Sunday at his father's home in Honea Path and reported upon his return to Anderson yesterday morning, that considerable improvement was to be noted in his father's condition. This will be welcome news as friends of Mr. Ashley have been much exercised for the past few days over a report that he is not doing at all well. It is now hoped that he may be able to attend to his duties at an early date.

**Discussion On**  
Street Corners.  
Discussions on the street corners oc-

cupied about half of every business man's day in Anderson yesterday. Every politician or non-politician was button-holed by some friend as he turned a corner and forthwith begun a weighty discussion of who will today be elected mayor, or alderman as was the case in some instances. Interest was high but all yesterday's discussions were friendly, which has not always been the case in Anderson. It is safe to say that every man qualified to vote in the municipal election will walk up to the polls today and cast a vote for the men of his choice.

**Bitter Complaints**  
About Heat Sunday.  
It can be truthfully said that there has never been a hotter night in Anderson than was last Sunday. The city sweltered in the grip of a heat wave heretofore unknown in this section and few people were able to sleep until the early morning hours. Such as boast of sleeping porches, or cetera, claim that they were able to go to sleep at some reasonable hour but little credence is placed in their assertions. It was genuinely hot and that is no mistake.

**Committee Is**  
Going Ahead.  
Supervisor King's checking committee, appointed to compare the dispensary petitions with the Anderson county registration books, is still hard at work in the supervisor's office at the court house. The committee is not giving out any official information concerning the result of its labors but rumor says that not more than half the names on the petitions thus far canvassed have proved to be qualified electors. This statement was not given out from any authentic source and therefore cannot be relied upon but it is generally believed to be true.

**English Teacher**  
Resigned Position.  
E. C. McCann, superintendent of the Anderson public schools, announced yesterday that Miss Nell Summerett, re-elected by the Anderson board as English teacher in the Anderson High School for the coming season, had tendered her resignation, which will be acted upon by the board at its next meeting. Miss Summerett was offered the position of English teacher in the public schools of Chester at an increased salary and is desirous of accepting the position. Mr. McCann said that the trustees would regret giving this excellent teacher to another town. She has been a member of the Anderson school faculty for five years and has proved to be a capable and competent instructor and is popular both with pupils and patrons.

**Decorations Are**  
Making Impression.  
The handsome decorations now going up for the Elks Convention, which will be held in Anderson tomorrow and Thursday, are making an impression upon the public. The purple and

white of the order form a pretty combination and the decorations being furnished by the Atlanta concern for this event are fully as pretty and as elaborate, if not more so, than were the decorations for the reunion. The Elks went to considerable expense in providing the street decorations, but they are well pleased with the result and they expect the visitors to become enthusiastic.

**Pyrene Company**  
Adds Salesman.  
George S. McCreavey of Laurens, has accepted a position with the Pyrene Company of this city as a traveling salesman. Mr. McCreavey is one of the best known traveling men in the state, and the company is to be congratulated upon securing the services of such an able and experienced man.

**Free Ice Cream**  
For Farmers.  
All farmers attending the meeting at the Chamber of Commerce today will be given a treat. As free ice cream will be served by the accommodation force at the Owl Drug store. This cream made by the Hill Ice Cream Co. of Columbia will be furnished free by them, through their agents the Owl Drug Co., at 1.30 p. m.

**This Cuffy Was**  
Hard Headed.  
Yesterday afternoon, one of the workmen employed in the demolishing of the old Garrison building on South Main street, was struck by a very heavy piece of falling timber, squarely upon the head. Strange to say the blow being sufficient to kill an ox, caused the old darkey very little trouble. Only a slight headache resulting from the accident.

**Mr. Drew Simmons**  
Is Recovering.  
It was reported on the streets yesterday that Mr. Drew Simmons, of Martin township, was slowly but surely recovering. Mr. Simmons has been confined to his home for some time, and the report that he is well on the road to recovery will be gladly welcomed by his many friends.

**More Dust Raised**  
New Fords Sold.  
General Archie Todd has been very busy for the past two days, not in trying to sell the famous little buzz-wagon known as Ford's, but in making the deliveries of the same. On Saturday last J. W. Sanders of Pendleton, and Manly Watson of this section, became the proud possessors of a new "HI-HENRY". Yesterday, Mrs. J. W. Daniels of this city, and Ralph Drake, a prosperous farmer living about 4 miles out of the city, succumbed to the fascinating Ford, and each purchased one of the new 1914 models so much in demand.

**CANT DODGE TAX**  
Commissioner Osborn Says the Income Tax Men Will Find Few Cuts.  
Washington, June 15.—Treasury

agents are preparing to take the trail of income tax dodgers.  
"A man is a fool who attempts to avoid the income tax," said Commissioner Osborn today. "He is sure to be detected sooner or later. There is no chance but tax dodgers can be caught."

The time for payment of a tax does not expire until July 1, but it is known that the treasury department already has the information necessary for the prosecution of many persons who made false returns.  
The penalty for making a fraudulent return is imprisonment for not more than one year of a fine not exceeding \$1,000 or both with costs of prosecution.

**YELLOW MATTER UP**  
Japan Will Get an Early Answer to Official Request.

Washington, June 15.—After a lapse of ten months the United States is about to reply to Japan's last note on the California anti-alien land law. Secretary Bryan said today:  
"The note of August 26 last will be answered as soon as the matter can be reached. Answer to it was suspended by the discussion of other means of adjusting the differences."  
It was believed that Mr. Bryan referred to an attempt to drop the negotiations pending adjustment of the issue by some legislation by Congress to confirm the rights of Japanese now in the United States to own and lease land and by a new treaty looking to recognition of the rights of Japanese to naturalization.

The Japanese ambassador here has been actively pressing this subject up on the state department recently, so that when the Japanese Parliament assembles next month Baron Kato, the premier of the new cabinet, may be able to report progress.

**WANT FEDERAL TROOPS**  
Soldiers Asked For To Settle Montana Mine Troubles.

(By Associated Press.)  
Washington, June 15.—Governor Stewart, of Montana, telegraphed President Wilson today asking that federal troops be sent to restore order in the Butte copper mine district.  
At the same time the governor sent messages to the Montana senators, representatives in congress, and support his request. Senators Egan and Walsh, and Representatives Egan and Stout, at once arranged to see the President tomorrow morning.  
In the meantime no one would discuss the situation. The members of congress indicated that were they to stand behind the governor, it would be evidence that the call from the national government came as a surprise.

### POLITICAL ANNOUNCEMENTS

Under this head will be run short announcements of candidates. The rates for these are as follows: For county offices in both daily and semi-weekly (10) election \$7.50; either alone, \$5.00; cash in advance strictly. For city offices in daily only: Mayor, \$5.00; aldermen \$3.00.
